## LIHEAP Programs:

### DIRECT VENDOR PAYMENT (DVP)/ RECONNECTION ASSISTANCE (RA)

**DVP/RA** is designed to assist income-eligible households with energy services in the form of a one-time benefit payment to the utility companies that is applied directly to the household's energy bills. The amount of the payment is determined by income, household size, and fuel type. RA is used to prevent disconnection or reconnect disconnected services.

### PERCENTAGE OF INCOME PAYMENT PLAN (PIPP)

**PIPP** provides a monthly benefit payment to the utilities based on household utility usage and monthly income. The qualifying accounts are enrolled in utility budget billing and customers are required to pay a reduced amount on their utility bills each month to get the benefit payments. PIPP participants who make their utility payments on time will receive additional credits towards their outstanding balance.

**\*DISCONNECTED HOUSEHOLDS ARE NOT ELIGIBLE.**

### FURNACE ASSISTANCE

**Furnace Assistance** is designed to restore the home's heating system back to a safe and effective operation. Assistance is only available to approved households that has or are eligible to receive a LIHEAP benefit and whose heating systems are not operational or have been red-tagged by their utility company. The services are free of charge for income qualifying households.

**\*RENTERS ARE NOT ELIGIBLE TO APPLY.**

### PEOPLES GAS SHARE THE WARMTH

#### SHARE THE WARMTH (STW)

A matching grant program for customers who are income eligible can receive a grant up to \$200 and cannot result in a credit balance. Disconnected households may be eligible to apply.
