If using Project-Based Vouchers (PBVs), provide the projected number of project-based units and general locations, and describe how project basing would be consistent with the PHA Plan.

The HACC intends to undertake new activities related to the following:

- Demolition and/or Disposition
- Conversion of Public Housing to Project-Based Rental Assistance or Project-based Vouchers under RAD
- Project-Based Vouchers
- Units with Approved Vacancies for Modernization
- Preservation of affordable housing

The HACC is considering various repositioning strategies to improve the quality of aging housing stock while leveraging public and private resources, easing administrative burdens, and preserving current affordable housing. The HACC's repositioning efforts will provide affected communities with the flexibility necessary to better meet residents' local needs and funding opportunities facilitating affordable housing's long-term viability. HUD initiatives/tools being considered for HACC's remaining LiPH assets include Section 18 Demolition/Disposition, Section 18 Disposition, and RAD. HACC intends to reposition all remaining LiPH assets over the next 2-4 years.

Narrative: Demolition, Disposition, and Conversion of Public Housing.

AMP IL025000005: Sunrise-Bergen Family Sites (Chicago Heights, IL)

The HACC, in conjunction with a private co-developer, is in the process of submitting various Federal, State, and local applications to modernize and redevelop 107 units within this 172-unit AMP. These improvements will support quality living standards at the Property and throughout broader Chicago Heights while preserving these units as affordable housing. HACC has determined that it is not financially or operationally feasible to maintain all 172 units at this location. The HACC is engaging in a land swap with the City of Chicago Heights for the purpose of rehabilitation, selective demolition, and new construction of the

Sunrise Apartments and Bergen Homes site in Chicago Heights. With SAC approval, 65 units have already been demolished and another 26 units will be demolished and re-built across the street, aiding deconcentration. The property will be conveyed to the LIHTC/RAD project owner entity, of which HACC will be a partner. The remaining 81 LiPH units will be converted to Project-Based Vouchers under RAD. The 26 newly constructed units will also receive Project-Based Vouchers to maintain the Property's affordability.

The HACC intends to acquire and rehabilitate properties in Calumet City and Park Forest, preserving 200 affordable housing units. The Evergreen Real Estate Group will serve as the developer and the HACC will be the managing member of the LIHTC partnership.

Upon conversion to Project-Based Vouchers, the HACC will adopt the Resident Rights, Participation, Waiting List, and Grievance Procedures listed in Section 1.6 of H 2019-09/PIH 2019-23, REV-4, H-2016-17/PIH-2016-17, and any subsequent Notices. These rights and procedures are appended to this document. The HACC certifies that it is currently compliant with all fair housing and civil rights requirements, including those described in Section 5.2 of Notice H 2016-17/PIH2016-17. Please find specific information related to the Public Housing Development(s) selected for RAD below:

Total 107 Units Pre RAD Unit Type: 1BR 32, 2BR 45, 3BR 30, Post RAD Unit Type 1BR - 40, 2BR 40, 3BR 27

For AMP IL025000029 Evanston Scattered Sites, AMP IL025000098 Evanston Scattered Sites, and AMP IL025000099 Wheeling Scattered Sites:

The HACC has received HUD approval for asset repositioning as outlined in HUD Notice PIH 2018-04 regarding Scattered Sites. Disposition and redevelopment initiatives will provide a more sustainable financial foundation for the Agency's affordable housing stock to remain viable long-term.

• AMP IL025000029 received Special Applications Center (SAC) approval to demolish 4 Scattered Sites units located at 504-514 South Boulevard in Evanston, IL and transfer ownership of the site to South Boulevard Shores, LLC. This is part of a tax credit partnership including HACC as Managing Member, a HACC/City-selected developer as Administrative Member, and an investor as Limited Partner.

• South Boulevard Shores, LLC will use the acquired land to construct a new 5-story, 60-unit mixed-income building containing 18 PBV-awarded units (30% of the building's total units). The land acquired post-demolition will be subject to HUD Use Restrictions and are part of the 52 overall units to be restricted—a condition of initial SAC approval. As a result, the HACC will receive disposition proceeds of approximately \$275,000. Any disposition proceeds will be used for Public Housing or Section 8-related purposes.

• Project Update: South Boulevard Shores closed financing in early October and is currently in the process of demolishing the four scattered site units to prepare for construction of the new 60-unit mixed-income building. The remaining Scattered Sites units are in predevelopment stages and are being evaluated for potential conversion to project-based vouchers under the Rental Assistance Demonstration (RAD) program.

Narrative: Project-Based Vouchers.

The HACC is committed to the goals of deconcentrating poverty and expanding housing and economic opportunities for its participants, which can be accomplished, in part, by Project-based Voucher (PBV) assistance. In offering the PBV assistance, the HACC has two primary objectives: (1) to produce the highest quality rental housing units for low-income families within diverse and healthy communities within suburban Cook County; and, (2) to promote the stabilization and revitalization of communities within suburban Cook County.

Families with children continue to be a priority for the HACC. Research shows that, the younger children are when they move to Opportunity Areas with reduced crime, lower poverty, better schools, and a healthy living environment, the more successful they are as adults. The HACC's RFP also places an emphasis on quality affordable housing for families in Opportunity Areas.

Additionally, providing Permanent Supportive Housing (PSH) for people with disabilities who may need supportive services to live independently in the community is a priority. Providing quality, affordable housing in combination with supportive services empowers people with disabilities to thrive.

Since April 1, 2023, the HACC has placed 205 units under HAP contracts. Additionally, 60 units have been placed under AHAP contracts, with construction anticipated to be completed on all 60 by the end of 2025. In its 2024 PBV RFP round, the HACC is seeking to award 250 PBVs to support its goals.

Narrative: Units with Approved Vacancies for Modernization.

The HACC has continuously requested approval to designate public housing units at IL025000005 (Sunrise-Bergen) as "Vacant Approved - Undergoing Modernization." Since Revitalization and RAD Conversion initiatives are still pending at Sunrise-Bergen, re-leasing is on pause until residents are moved out.

<p><b>B.3 Progress Report.</b></p>	<p>Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year and Annual Plan.</p> <p><b>Goal #1: Reposition all public housing assets to ensure long-term sustainability.</b>  HACC has made progress in repositioning its remaining public housing assets:  AMP IL025000005 – Chicago Heights Family Sites  HACC is working with a private developer, Brinshore Development, to modernize and redevelop 107 units at this site, 26 units will be demolished and re-built across the street. The remaining 81 LIPH units will be converted to Project Based Vouchers under RAD and modernized. The 26 newly constructed units will receive Project-Based Vouchers as well in order to maintain the long-term affordability of the development.</p> <p>AMP IL025000099, AMP IL025000029 and AMP IL025000098  HACC has received approval for disposition under HUD guidance regarding asset repositioning, including Notice PIH 2018-44 regarding scattered sites. HACC has secured a consultant to help us prepare for the potential transaction and to identify funding to redevelop and convert these units to RAD. This will provide better financial footing for the units to remain viable as low-income housing over the long-term.</p> <p><b>Goal #2: Create additional affordable housing.</b>  HACC has financially closed South Boulevard Shores in early October 2025 and is in the demolition stages and will shortly start construction of the 60-unit mixed income/affordable housing with project-based vouchers.</p> <p>HACC intends to acquire and rehabilitate properties in Calumet City and Park Forest, preserving 200 affordable housing units.</p> <p><b>Goal #3: Improve technology.</b>  <b>Organizational Technology Enhancements</b>  HACC continues to advance key modernization initiatives designed to strengthen internal operations, improve resident experience, and enhance overall organizational efficiency. These efforts reflect our commitment to technological improvement both internally and externally, ensuring that HACC remains responsive, accessible, and aligned with industry best practices.</p> <p><b>Website Revamp and Digital Accessibility</b>  HACC is currently undergoing a full redesign of thehacc.org to create a more accessible, user-friendly digital experience for residents, landlords, and community partners. The updated website will offer simplified navigation, improved mobile responsiveness, and streamlined pathways to key services and resources. In addition, HACC is integrating an AI-powered chatbot capable of answering frequently asked questions, providing real-time support, and enhancing the overall digital service experience.</p> <p><b>Document Management and Paperless Transformation</b>  As part of our long-term modernization strategy, HACC is actively moving toward a paperless environment through the implementation of DocuWare, a secure document management and workflow automation platform. DocuWare enables the agency to centralize and safeguard critical records, reduce processing time, and improve compliance storage practices. This initiative will result in more efficient service delivery, better document accessibility, and enhanced operational continuity.</p> <p><b>Internal Systems Enhancement and Intranet Deployment</b>  Internally, the agency is progressing with the deployment of Simpplr, a modern intranet system that will serve as a centralized hub for employee communication, knowledge sharing, and policy management. This platform will improve access to internal policies, streamline agency-wide communication, synchronize calendars and events, and elevate employee recognition efforts. Simpplr will support stronger organizational alignment and ensure staff have the tools and information they need to perform effectively.</p> <p><b>Goal #4: Provide excellent customer service.</b>  The HACC provides excellent customer service by leveraging the Zendesk software to track customer inquiries through ticket creation and assignment to the appropriate team which ensures efficient issue resolution. The system also supports escalation of urgent matters and generates analytical reports that help enhance overall customer satisfaction. In addition, ongoing employee training is scheduled throughout the year to enhance customer service performance.</p> <p><b>Goal #5: Seek &amp; receive additional non-traditional funding resources.</b>  HACC is currently establishing a 501(c)(3) organization, Strive to Thrive Alliance NFP, to strengthen funding for resident-focused programs and services across all 16 HACC properties. In addition to sustaining our behavioral health initiatives beyond the expiration of the current grant period in November 2026, the nonprofit will also support scholarships, coat drives, and other resident service programs that enhance quality of life and promote long-term stability for the communities we serve.</p>
