

Annual PHA Plan <i>(Standard PHAs and Troubled PHAs)</i>	U.S. Department of Housing and Urban Development Office of Public and Indian Housing	OMB No. 2577-0226 Expires: 9/30/2027
---	---	---

Purpose. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services. Applicability. The Form HUD-50075-ST is to be completed annually by **STANDARD PHAs or TROUBLED PHAs**. PHAs that meet the definition of a High Performer PHA, Small PHA, HCV-Only PHA or Qualified PHA do not need to submit this form. Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.

The Housing Authority of Cook County selects and offers housing units to applicants while meeting federal requirements for income deconcentration and income mixing. The policy describes the “2 plus 2” selection process for extremely low income and lower income families, rules for how and when unit offers are made, and the conditions under which an applicant may legitimately refuse a unit without losing their place on the waiting list. Changes to the Deconcentration Policy are listed below: • Goal: Promote income diversity across developments. • Selection Method: Alternate admissions (2 extremely low income + 2 lower income) until the 40% threshold for extremely low income admissions is met. • Unit Offers: Unit offers will be made to the next eligible applicant for the unit that has been ready the longest in the development with the most vacancies; applicants get three days to respond. • Good Cause Refusals: Documented medical issues, safety concerns, inaccessible features, unit not move in ready, lead-based paint risks, or other verified hardships. Refusals for location alone do not qualify. • Fairness & Compliance: No discrimination; records maintained for all offers and refusals. • Income Balancing: HACC will place families with varying incomes across developments. • Administrative Consistency: The structured offer process and strict criteria for “good cause” will require documentation. • Risk & Compliance Management: Ensuring units meet NSPIRE standards and HACC standards will avoid improper refusals that help reduce legal exposure while supporting applicant rights. • Operational Efficiency: HACC will offer units in order of longest-ready status that prioritizes occupancy and minimizes vacancy loss.

Financial Resources.

The sources and uses of cash have been restated; please see the attached report.

Significant Amendment/Modification.

Rental Assistance Demonstration (RAD) – Evanston and Wheeling Scattered Sites The Housing Authority of Cook County (HACC) proposes to convert the public housing assistance associated with the Evanston and Wheeling Scattered Sites through the U.S. Department of Housing and Urban Development's Rental Assistance Demonstration (RAD) Program. HACC anticipates converting the assistance to Project-Based Vouchers (PBV), subject to HUD approval and issuance of a Commitment to Enter into a Housing Assistance Payments Contract (CHAP). The proposed conversion consists of forty-eight (48) existing public housing units located at scattered-site properties in Evanston and Wheeling, Illinois. HACC intends to rehabilitate the properties in conjunction with the RAD conversion to preserve the units as long-term affordable housing. Upon conversion to PBV assistance, HACC will adopt the applicable RAD resident rights, participation, waiting list, grievance, and tenant protection requirements in accordance with the RAD Notice and other applicable HUD requirements. HACC will continue to consult with affected residents throughout the RAD conversion process. The proposed rehabilitation and conversion are anticipated to utilize Low-Income Housing Tax Credit (LIHTC) equity and other public and private financing sources. The final rehabilitation scope, financing structure, development budget, ownership structure, and conversion terms remain subject to HUD and other applicable funding and regulatory approvals. If using Project-Based Vouchers (PBVs), provide the projected number of project-based units and general locations, and describe how project basing would be consistent with the PHA Plan. Conversion of Public Housing to Project-Based Rental Assistance or Project-Based Vouchers under RAD. Scattered Sites – Evanston and Wheeling HACC previously received HUD approval for demolition/disposition activities associated with the Evanston and Wheeling Scattered Sites. HACC has since revised its redevelopment strategy and intends to pursue the substantial rehabilitation and preservation of the 48-unit portfolio through HUD's Rental Assistance Demonstration (RAD) Program, with 100% of the units proposed for conversion to Project-Based Voucher (PBV) assistance. The proposed redevelopment is anticipated to utilize Low-Income Housing Tax Credit (LIHTC) equity and other public and private financing sources. CHAPTER 17: OFFERING THE UNITS (TENANT SELECTION AND ASSIGNMENT PLAN)

As units become available for occupancy, the PHA will offer units to applicants on the waiting list. In accordance with the QHWRA, the PHA encourages occupancy of its developments by families with a broad range of incomes. At a minimum, 40% of all new admissions during the fiscal year will be extremely low-income families (See Appendix D of this ACOP for the PHA's income limits). The offer of assistance will be made without discrimination because of race, color, religion, sex, national origin, age, disability or familial status.

A. Deconcentration

The offers will be made in the following manner. To the maximum extent feasible, the deconcentration and income-mixing requirements of the QHWRA will be followed.

1. Families with incomes ranging from 0% to 80% of median income will be selected in accordance with the tenant selection section of this ACOP.
 - a. Families with the highest incomes will be offered units in developments where average family incomes are lowest.
 - b. Conversely, families with the lowest incomes will be offered units in developments with the highest average family incomes.
 - c. The PHA may offer incentives to families to accomplish the deconcentration and income mixing objectives.
2. The PHA may employ a system of income ranges in order to maintain a resident body composed of families with a range of incomes and tenant rent paying abilities representative of the range of incomes among low-income families in the PHA's area of operation and may take into account the average tenant rent the PHA should receive to maintain financial solvency.
3. The PHA's selection policies are designed so that selection of new public housing residents will bring the PHA's actual distribution of tenant rents closer to the projected distribution of tenant rents.
4. The PHA will select, based on date and time of application and preferences, two (2) families in the extremely low-income category and two (2) families from the lower income category (31% to 80% of area median income) alternately until the 40% admission requirement of extremely low-income families is achieved (2 plus 2 policy).
5. **After the minimum level is reached, all selections will be made based solely on preferences and date and time.**
6. Any applicants passed over as a result of implementing this 2 plus 2 policies will retain their place on the waiting list and will be offered a unit in order of their original placement on the waiting list.

6. Any applicants passed over as a result of implementing this 2 plus 2 policies will retain their place on the waiting list and will be offered a unit in order of their original placement on the waiting list.

B. Unit Offer

The PHA will offer the eligible applicant at the top of the waiting list a unit of appropriate size and type (including accessible features if required and available) which has been ready to lease the longest in the development that has the most vacancies.

1. Method of Notification of Unit Offer

- a. The PHA will make the unit offer by telephone or by other communication methods as designated by the applicant.
- b. Unit offers made by telephone will be confirmed by mailing the applicant a written notice of the unit offer.

2. The PHA will make unit offers in sequence and will not offer the applicant another unit until the first unit offer has been refused.

3. The PHA will give the applicant three (3) days after the date of the telephone call to accept or refuse the unit offer.

4. If the applicant refuses the first unit offer, the PHA will offer the applicant a second unit of appropriate size and type (including accessible features if required and available) in the development when a unit become available or the next development that has the most vacancies.

5. If the applicant refuses the unit without good cause, the PHA will remove the applicant from the waiting list.

6. Good Cause for Refusal of Unit Offer

The applicant should be able to document the claim of good cause for refusing an offer of housing. If good cause is verified, the refusal of the offer(s) will not require that the applicant be removed from the waiting list. The applicant's application will remain at the top of the waiting list until the applicant receives an offer for which they have no good cause refusal. The applicant will not be considered to have been offered a suitable unit if:

- a. The applicant is unable to move at the time of the offer and presents clear evidence that substantiates to the satisfaction of the PHA. Examples:
 - 1) A physician verifies that the applicant has just undergone major surgery and needs a period of time to recuperate; or
 - 2) A court verifies that the applicant is serving on a jury which has been sequestered.
- b. A health professional verifies temporary hospitalization or recovery from illness of the principal household member, other household members (each as listed on the final application) or live-in aide necessary to the care of the principal household member.
- c. The unit is not ready for move-in at the time of the unit offering.

- 1) Meaning the unit has deficiencies according to the National Standards for the Inspection of Real Estate (NSPIRE) protocols.
 - 2) If the unit is not ready for move-in, the PHA will offer the next appropriate unit ready for move-in to the applicant.
 - d. The applicant demonstrates to PHA's satisfaction that accepting the offer will place a family member's life, health, or safety in jeopardy.
 - 1) The family should offer specific and compelling documentation such as restraining orders, other court orders, or risk assessments related to witness protection from a law enforcement agency.
 - 2) The reasons offered must be specific to the family.
 - 3) Refusals due to location alone do not qualify the applicant for this good cause exemption.
 - e. The unit is inappropriate for the applicant's disabilities, or the family does not need the accessible features in the unit offered and does not want to be subject to a 30-day notice to move.
 - f. Inaccessibility to employment, education or job training, children's day care or educational programs for children with disabilities if the move would require an adult household member to quit a job, drop out of an education institution or training program, or take the child out of day care or an educational program for children with disabilities.
 - g. The unit contains lead-based paint and accepting the offer could result in subjecting the applicant's children who are under six (6) years of age to lead-based paint poisoning.
 - h. The unit is not of the proper size and type, and the applicant would be able to reside there only temporarily (e.g., a specially designed unit that is awaiting a disabled applicant needing such a unit).
 - i. An elderly or disabled family makes the decision not to occupy or accept occupancy in designated housing.
7. When leasing a vacant unit, the PHA will offer the unit to applicants on the waiting list in sequence, until an applicant accepts the unit, in accordance with the PHA's local preferences and/or the date and time of application.
8. The PHA will maintain a record of the units offered, including location, date, the circumstances for each offer, and each acceptance or refusal.
 9. To the maximum extent possible, the offer will also be made to affect the PHA's policy of economic deconcentration.
 10. If more than one unit of the appropriate size and type is available, the first unit to be offered will be the unit that will serve to achieve the PHA's goal of economic deconcentration.

12-IV.E. DECONCENTRATION

If subject to de-concentration requirements, HACC will consider its de-concentration goals when transfer units are offered. When feasible, families above the Established Income Range will be offered a unit in a development that is below the Established Income Range, and vice versa, to achieve HACC's de-concentration goals. A de-concentration offer will be considered a "bonus" offer; that is, if a resident refuses a de-concentration offer, the resident will receive one additional transfer offer.

12-IV.F. REEXAMINATION POLICIES FOR TRANSFERS

The reexamination date will remain as the original anniversary date when a tenant transfers to a new unit..
